

2021 Crop - Elevator Service Terms

Invoicing of Charges

Invoices for services will be produced as follows:

- On Request for immediate payment
- As product is removed from storage for own use.
- On a basis sale out of storage and issuance of an advance
 - § If an advance is not requested, an advance will be issued sufficient to cover the charges.
- On completion of delivery and issuance of an advance

In all other cases charges will be deducted from the proceeds of sale.

Invoice Terms

All charges for services are due on receipt.

Interest will be added on accounts outstanding over 30 days and is shown on the customer statement.

Offset of Accounts Invoiced

Accounts owing for grain service charges will be deducted from crop payments unless request or notification is made in advance of payment.

Customers wanting to pay invoiced charges by cheque should contact the local branch. To be eligible customers must have good credit and the account is current with no invoices over 30 days.

Deferred Payment – (Effective December 16, 2014)

Deferred Payment Interest Rate: **0 % per annum**

No interest will be paid on deferred contracts.

Handling Charges and Service Fees

Removal from storage
